## RELEVANT EXPERIENCE

---

**Graduate Research Assistant at the University of Virginia** January 2024 – August 2025  
*Charlottesville, Virginia*

- Collected, cleaned, and analyzed large-scale datasets using R, Stata, and Python, producing quantitative findings
- Drafted preliminary research, data cleaning, and data analysis memos to facilitate empirical research design
- Collaborated with authors evaluating social programs, focusing on participation and welfare policy effectiveness

**Graduate Intern at the Buchanan County Industrial Development Authority** August 2024 – May 2025  
*Charlottesville & Buchanan County, Virginia*

- Analyzed labor and population data using R; presented findings to inform county economic strategy
- Researched housing grants; secured a \$100,000 infrastructure grant to support housing development
- Drafted research memos to promote county development and attract business opportunities effectively

**Graduate Research Assistant at the Darden School of Business** June 2023 – May 2024  
*Charlottesville, Virginia*

- Drafted reviews of academic literature on entrepreneurship, executive decision-making, and market structures
- Cleaned publicly available data and information on companies, individuals, and other entities for faculty research
- Conducted qualitative coding and analysis for various research projects supporting faculty-led studies

**Lead Session Intern for The Office of Delegate Michael P. Mullin** May 2022 – May 2023  
*Hampton Roads & Richmond, Virginia*

- Managed all office correspondence and legislative tracking using state database, supporting legislative agenda
- Conducted legislative research on taxation, criminal justice, and energy, drafting memos and talking points
- Coordinated scheduling, attended committee meetings, and provided legislative support as needed

**Research Assistant at the William & Mary Public Policy Department** September 2022 – December 2022  
*Williamsburg, Virginia*

- Reviewed and synthesized academic literature on resilient and sustainable coastal communities
- Conducted stakeholder analysis and prepared insights on policy recommendations and outcomes
- Supported authors in developing materials and presenting findings to the client Virginia Sea Grant
